### VENDOR CONTACT INFORMATION:

The catalog numbers for the pre-approved PEPCO utility instrument compartments are shown in the Eaton drawing 8777C10 sheet 4 or 4. These compartments are ordered as part of a multi-section switchboard assembly from any authorized Eaton/Cutler-Hammer Distributor. The Distributors in PEPCO's geography are listed below and can assist customers with quotations and order entry of switchboards. Additionally, Consultants and Design and Build Contractors have the assurance of specifying the correct model number for given applications.
